

MESSAGE FROM THE CONFERENCE CHAIRPERSON – EDCON 2026

On behalf of the Organizing Committee, it is my distinct honor and privilege to warmly welcome you to the 5th International Conference on Education, Teaching, and Learning (EDCON 2026), with the theme, "Designing the Future of Learning: Engagement and Well-being."

We are delighted to bring together this distinguished community of educators, researchers, innovators, leaders, and advocates who share a common commitment to shaping the future of education.

As learning environments continue to evolve, our responsibility extends far beyond the delivery of knowledge and content. Advances in technology, changing educational landscapes, and the diverse and evolving needs of our learners are reshaping our institutions and challenging us to rethink how learning is designed and experienced. Today, we are called to intentionally create learning ecosystems where curiosity can flourish, meaningful human connections can deepen, and the holistic well-being of both learners and educators remains at the heart of education. Engagement and well-being are not merely complementary goals; they are essential pillars of sustainable, meaningful, and transformative learning.

EDCON 2026 provides a space to question established paradigms, exchange ideas and insights, share innovative practices, and explore solutions that can translate into meaningful action. More importantly, it is an opportunity to learn from one another, build meaningful connections, and cultivate collaborations that can extend far beyond this conference. We encourage each of you to participate actively, engage openly, and bring your perspectives and experiences into every conversation. May the ideas we exchange here inspire new possibilities, strengthen our shared purpose, and contribute to learning environments that are more engaging, inclusive, humane, and responsive to the needs of our changing world.

Welcome to EDCON 2026. Thank you for bringing your passion, expertise, experiences, and voices to this important and timely conversation.

Together, let us imagine boldly, design intentionally, and actively build the future of learning - one that places engagement, connection, and well-being at its very center.

Sincerely,
Assoc. Prof. Voltaire Mallari Mistades
Br. Andrew Gonzalez FSC College of Education,
De La Salle University,
Philippines

MESSAGE FROM THE CONFERENCE CONVENER – EDCON 2026

Dear Distinguished Delegates,

It is with great pleasure that I welcome you to the International Conference on Education, Teaching, and Learning (EDCON 2026), taking place in Bali, Indonesia.

On behalf of the International Centre for Research (ICR), it is an honour to welcome you to this international forum dedicated to advancing educational research and innovative teaching practices. Guided by this year's theme, "Designing the Future of Learning: Engagement and Well-being," the conference brings together diverse perspectives to explore more inclusive, engaging, and learner-centred approaches to education.

As technological advancements, artificial intelligence, and evolving educational needs continue to transform the learning landscape, fostering student engagement, well-being, creativity, and equity has become increasingly important. EDCON 2026 provides a multidisciplinary platform for researchers, educators, and policymakers to exchange knowledge, share innovative research, and build collaborations that contribute to meaningful educational transformation.

I extend my sincere appreciation to iConferences, the organizing body, for its dedication to bringing together an international community of scholars and professionals.

I encourage you to actively participate in the keynote sessions, research presentations, discussions, and networking opportunities. May these exchanges inspire new ideas, valuable partnerships, and lasting contributions to the future of education.

Thank you for joining us at EDCON 2026. I wish you a rewarding, inspiring, and memorable conference experience.

Warm regards,
Thulakshana Liyanage
Founder & Non Executive Director
International Centre for Research (ICR), USA

Founder & Director
iConferences (Pvt) Ltd, Sri Lanka

MESSAGE FROM THE ACADEMIC PARTNER – EDCON 2026

Greetings from Al-Madinah International University, Malaysia!

On behalf of the Faculty of Education at Al-Madinah International University, it is my great pleasure and honour to extend our warmest greetings to all participants of the 5th International Conference on Education, Teaching and Learning (EDCON 2026). As an academic partner of this important international event, we are delighted to join distinguished educators, researchers, academics, and practitioners from around the world in advancing dialogue, sharing knowledge, and exploring innovative approaches to the future of education.

The theme of EDCON 2026, "Designing the Future of Learning: Engagement and Well-being," is highly relevant to the evolving landscape of education. As educational environments continue to change through technological development, changing learner needs, and emerging global challenges, there is a growing need to create learning experiences that are engaging, inclusive, meaningful, and supportive of learners' well-being. The integration of artificial intelligence and educational technologies also offers new opportunities to enhance teaching and learning while maintaining the human dimension at the heart of education.

At Al-Madinah International University, we are committed to promoting quality education, innovative teaching and learning, research, digital transformation, and international academic collaboration. We believe that the future of education requires a balanced approach that embraces technological innovation while strengthening human interaction, creativity, critical thinking, ethical responsibility, and the well-being of learners and educators. We therefore value opportunities such as EDCON 2026 that bring together diverse perspectives and encourage meaningful academic exchange.

We sincerely appreciate the efforts of the organizers of EDCON 2026 for creating this valuable international platform. We also extend our appreciation to all keynote speakers, presenters, researchers, and participants for their contributions to advancing educational knowledge and practice. Your diverse experiences and perspectives will enrich the discussions and help shape new ideas for the future of teaching and learning.

We wish all participants a fruitful and inspiring conference experience, filled with meaningful discussions, valuable knowledge exchange, and opportunities for collaboration. May EDCON 2026 contribute to designing learning environments that engage learners, support their well-being, embrace responsible innovation, and prepare them to thrive in a rapidly changing world.

Prof. Dr. Ayman Aied Mohammed Mamdouh
Dean, Faculty of Education
Al-Madinah International University, Malaysia

TECHNICAL PROGRAM

DAY 01 – THURSDAY, OCTOBER 15TH 2026

08.30 – 09.00 **Conference Registration**

**INAUGURATION
SESSION**

Thursday, 15th October 2026 | 09.00 WITA to 09.15 WITA | Intaran Room

09.00 – 09.05

Welcome Address by the Conference Convener

Ms. Thulakshana Dilrukshi
(Director, iConferences, Sri Lanka)

09.05 – 09.15

Welcome Address by the Conference Chairperson

Assoc. Prof. Voltaire Mallari Mistades
(Br. Andrew Gonzalez FSC College of Education, De La Salle University,
Philippines)

**KEYNOTE
FORUM**

Thursday, 15th October 2026 | 09.15 WITA to 09.45 WITA | Intaran Room

09.15 – 09.45

Assoc. Prof. Voltaire Mallari Mistades

(Br. Andrew Gonzalez FSC College of Education, De La Salle University, Manila, Philippines)

"Social and Emotional Learning in the Age of A.I."

Dr Voltaire M. Mistades is an Associate Professor of the Br. Andrew Gonzalez FSC College of Education, De La Salle University, Manila, Philippines. He obtained his M.S. Physics degree in 2001, doing work on conducting polymers. In 2011, he completed his Ph.D. in Science Education (major in Physics) working on a Substantive-Level Theory of Teaching Introductory Physics. His research interests include physics education, values education, technology in education, and teaching & learning in higher education. He has held several administrative positions in the University, including Dean of Student Affairs, University Registrar, Dean of the College of Education, and Director of the Lasallian Core Curriculum. He is a member of the Board of Trustees of various educational institutions in the Philippines and a member of the Editorial Board of three academic journals. In 2019, the World Education Congress conferred on him the Education Leadership Award.

**KEYNOTE
FORUM**

Thursday, 15th October 2026 | 11.35 WITA to 12.05 WITA | Intaran Room

11.35 – 12.05

Prof. (Dr.) Kakoli Sen

(IIM Sambalpur Delhi campus, India)

"Education, Empowerment, and Leadership"

Dr. Kakoli Sen is Professor and Chair – IIM Sambalpur Delhi campus. She has worked for 10 years in the Corporate and 19 plus years in Academics. Her professional skills include Academic Leadership, Institutional Advancement, International Collaborations, New Program development and Corporate Communications. She has worked as Regional Training Manager for Intel Inc. project and has done international consultancies in Africa. In India, she has worked with prestigious educational institutions on Indian, British and European Education Systems and led international accreditation processes. Her papers and case studies have been published in ABDC journals, Richard Ivey cases and Harvard Business Publishing. She has three edited books on Diversity, Equity and Inclusion theme. She is invited as a Panelist and speaker to various prestigious forums / conferences.

She teaches and trains in Organizational Behavior, Human Resource Management and Leadership areas. She was a visiting faculty at the Solbridge International Business School, South Korea and has taught at University of Pecs, Hungary and University of Zagreb, Croatia. She also writes practitioner articles for the Ivey institution newsletters. She is on the Advisory Council of Harvard Business Review and Regional Advisory Council (Asia and Oceania) for The Case Centre, UK.

12:05–13:05

Lunch Break

**KEYNOTE
FORUM**

Thursday, 15th October 2026 | 13.05 WITA to 13.35 WITA | Intaran Room

13.05 – 13.35

Dr Saher Ali

(Torrens University, Australia)

"Beyond the AI Detective: Making Learning Visible"

With over 20 years of experience of teaching in Higher Education in various roles, Dr Saher Ali is a traditionally trained scientist with extensive training in the teachings of anatomy and physiology. Currently employed at Torrens University Australia, Saher's current research interests include the delivery of biomedical education to undergraduate students, digital literacy and academic integrity. She has also served as an Academic Integrity officer for the university. Prior to her role at Torrens, she is teaching as a senior lecturer and received her doctorate from RMIT University.

Alongside her doctorate, she has acquired training in anatomy and physiology pedagogy. Her academic journey has allowed her to embark on a journey to increase student engagement and improve learning outcomes using modern and innovative teaching.

As part of the panel discussion, Dr. Ali will share her insights on education with actionable strategies, inspiring audiences to rethink their approach to education

GLOBAL INITIATIVE

Hosted by ICR (USA) · Organized by iConferences

Empowering Women in Research Initiative

The **Women in Research Initiative** is a global programme hosted by the **International Centre for Research (ICR)**, USA and organized by **iConferences** to celebrate, recognize, and empower women researchers worldwide.

Give to Gain

Empowering Women in Research

INTERNATIONAL WOMEN'S DAY 2026
CELEBRATING WOMEN IN RESEARCH

It is not only a matter of equity — it is essential to advancing knowledge, widening perspectives, and shaping a future built on inclusive research.

#IWD2026 #GiveToGain #WomenInResearch

Launched through the successful **International Women's Day 2026** global event, **Empowering Women in Research** is now an annual international event that brings together women researchers to connect, collaborate, and inspire.

As part of the initiative, women participating in **iConferences** are eligible to be considered for recognition in the **ICR Hall of Fame**—a distinguished platform honouring exceptional individuals for their contributions to research, innovation, leadership, and academic excellence.

Empowering Women in Research continues to champion diversity, inspire future generations, and celebrate the remarkable women shaping the future of global research.

2026 Inspiring Story Competition

As part of the celebration, iConferences invited women researchers worldwide to share their inspiring personal stories through an open **Inspiring Story Competition**. The competition received heartfelt submissions highlighting resilience, leadership, perseverance, and the transformative impact of empowering women in research.

From all submissions, two outstanding stories were selected:

Dr. J. Shanmuga Priya

Mahatma Gandhi University of
Medical Sciences & Technology, India

Complimentary Registration — Public Health 2026

Zienab Ahmed

United Arab Emirates University, UAE

Complimentary Registration — EDCON 2026

Could you be the next inspiration?

Could you be our next Inspiration in Research? Women researchers participating in iConferences are eligible to be recognized for their achievements and considered for induction into the prestigious iConferences Hall of Fame

PUBLICATION OPPORTUNITY

Special Issue Publication Opportunity

Applied AI Letters - Wiley Open Access

As part of its commitment to advancing high-quality research and increasing the global visibility of conference publications, **iConferences**, in collaboration with the **International Centre for Research (ICR)**, USA, is pleased to offer authors across its conference portfolio the opportunity to submit their work for consideration in a **Special Issue of Applied AI Letters**, published by **Wiley**.

This publication opportunity is open to **eligible authors from all iConferences conferences**, regardless of discipline, whose research demonstrates a meaningful application of **Artificial Intelligence** within their respective fields. Whether in healthcare, education, agriculture, engineering, business, environmental science, social sciences, or other domains, interdisciplinary studies integrating AI are encouraged.

Applied AI Letters is a **peer-reviewed, Scopus-indexed, DOAJ-indexed**, and fully **Open Access** international journal that publishes innovative research highlighting practical applications of Artificial Intelligence across a broad range of disciplines. All manuscripts submitted to the Special Issue will undergo the journal's standard independent peer-review process, and acceptance will be based solely on scientific merit, originality, and relevance to the scope of the journal.

Topics of interest include, but are not limited to

- Responsible and Explainable AI (XAI)
- AI for Healthcare and Public Health
- Ethics, Fairness, and Trustworthy AI
- AI in Education and Learning Technologies
- AI Governance, Policy & Regulatory Frameworks
- AI in Agriculture and Food Systems
- Machine Learning and Deep Learning Applications
- AI for Sustainability and Climate Action
- Natural Language Processing and Computer Vision
- AI in Business, Finance, and Industry
- Intelligent Decision Support Systems
- Human-Centred AI and Emerging Technologies

Authors may submit **original research articles, review papers, case studies, and short communications** that present novel findings, practical innovations, or interdisciplinary approaches involving Artificial Intelligence.

This initiative provides researchers with an opportunity to extend their conference work into a high-impact international publication while contributing to the advancement of responsible and innovative AI research across diverse academic and professional fields.

We encourage all eligible conference participants whose research incorporates Artificial Intelligence to take advantage of this publication opportunity and contribute to this international Special Issue.

Hall of Fame

To celebrate academic excellence and meaningful contributions to our scholarly community, we proudly introduce the 'Hall of Fame' section in our conference programme. This year, we honor our Best Reviewer whose expertise and dedication have elevated the quality of submissions and peer review.

At EDCON 2026, we are proud to celebrate individuals who go above and beyond to uphold the spirit of academic excellence. One such contributor is Dr. Suzanne Bester, who was recognized as the Best Reviewer of this year's conference for her thoughtful evaluations and unwavering commitment to scientific rigor.

BEST REVIEWER 2026

Dr. Suzanne Bester

(Associate Professor in Educational Psychology, University of Pretoria, One of Africa)

Suzanne Bester is an Associate Professor in Educational Psychology at the University of Pretoria and a registered Educational Psychologist. Her work focuses on neurodiversity-affirming assessment and support, the functioning and leadership of School-Based Support Teams, inclusive education, and professional ethics for teachers and psychologists.

She has extensive experience in postgraduate supervision, clinical training of educational psychology students, teacher professional development, and community-engaged training through the University's Training Facility, the CHRIB clinic for high-risk infants, and related outreach projects. Her practice and teaching emphasise practical, context-sensitive approaches that support neurodivergent learners, reduce secondary trauma, and strengthen collaboration between schools, families and professionals.
